

AZMERA ABEBE TESHAE

📍 Addis Ababa Ethiopia
✉ azmeraabebe26@gmail.com

PROFESSIONAL SUMMARY

Senior Oracle Database Administrator with **10+ years of experience (since December 2015)** in designing, managing, maintaining, and optimizing enterprise database systems within banking and government environments.

Highly skilled in **Oracle Database 12c/19c, SQL Server, performance tuning, backup and recovery (RMAN), and high availability solutions (Data Guard).**

Experienced in supporting **mission-critical production systems**, ensuring high availability, data integrity, security, and optimal performance.

Currently expanding expertise into **Data Science and Cloud Database Technologies** to align with modern data engineering trends.

CORE SKILLS

- Oracle Database Administration (12c / 19c)
- SQL Server Administration
- SQL & PL/SQL Development
- Performance Tuning & Query Optimization
- RMAN Backup & Recovery
- Oracle Data Guard (High Availability)
- Linux System Administration
- Database Monitoring & Troubleshooting
- Production Support & Incident Management

PROFESSIONAL EXPERIENCE

Senior Database Administrator

Hibret Bank (Banking Sector)

 Aug 2022 – Present

- Manage Oracle production databases in banking environment
- Perform performance tuning and SQL optimization

- Implement RMAN backup and recovery strategies
- Configure and manage Data Guard for high availability
- Monitor database performance and resolve incidents
- Ensure data integrity and system uptime

Associate Database Officer

Hibret Bank

 Aug 2022 – Apr 2025

- Supported daily database operations and maintenance
- Assisted in backup and recovery processes
- Monitored database performance and alerts
- Managed user access and security roles
- Supported production database troubleshooting

Database Administrator

Addis Ababa Housing Development Office

 Dec 2015 – Mar 2020

- Managed government database systems
- Ensured data accuracy and system availability
- Performed database maintenance and troubleshooting
- Supported application and user database operations

Database Officer

Ethiopian Ministry of Revenue

 Mar 2020 – Jul 2022

- Managed revenue-related database systems
- Ensured secure and accurate data handling
- Supported reporting and database operations
- Performed backup and recovery tasks

EDUCATION

Bachelor of Science in Information Technology

Wollo University

GPA: 3.2

CERTIFICATIONS & TRAINING

- Oracle Database 12c Administration (I & II)
- Oracle Data Guard & RAC
- PL/SQL Fundamentals
- SQL Database Management
- Linux Introduction
- RMAN Backup & Recovery
- Banking Systems Operations & Security Training
- Multi-Channel Banking & AML Compliance Training

PROJECT HIGHLIGHTS

- Banking database performance optimization
- RMAN backup automation and recovery testing
- Oracle Data Guard high availability setup
- Production database monitoring and incident resolution

CAREER OBJECTIVE

To leverage my extensive experience in Oracle Database Administration to contribute to high-performance enterprise systems while advancing into Data Engineering and Cloud Database technologies.
